Life A Plenty Charitable Trust - Seeking New Trustees

Life A Plenty Charitable Trust is based in Tauranga, supporting women across the Bay of Plenty struggling with psychological and emotional stress. On referral, we offer free residential therapeutic retreats for women without financial means. The retreats occur over five days. They provide a safe environment to recuperate and attend workshops that deliver life skills, self-care strategies, and practical tools for transformative change for themselves and their whānau.

We also provide professional development opportunities for health and social sector practitioners. We run affordable, interactive seminars utilising subject matter experts on current social issues facing our local communities.

As a part of refreshing our current Trustee mix, we are seeking new, engaged Trustees with:

- a strong sense of community and passion for women's wellbeing.
- a willingness to actively contribute and make a difference.

The skillsets we seek to complement those of our current Trustees are:

- General legal expertise
- Governance knowledge and experience
- Counselling and social sector experience
- Marketing and Social Media experience

### **Key Responsibilities**

You'll work alongside current trustees, setting and monitoring objectives and strategy, identifying and monitoring risks and promoting the Trust's profile.

### **Commitment**

Bi-monthly meetings (lasting 2-3 hours) plus attendance at selected functions that promote and enhance our profile.

### **What does being one of our Trustees offer?**

This voluntary role gives you the chance to empower women. It offers governance experience, community engagement opportunities as well as exposure to philanthropy and fundraising.

### **Ready to make a difference?**

Join our passionate team supporting women through their most challenging times while strengthening our Bay of Plenty community.
